Central Coast YMCA

Welcome

Dear Friends,

It is our pleasure to present the 2020 Pebble Beach Company Foundation Annual Report, showcasing the accomplishments and impact of the Foundation throughout Monterey County.

2020 brought unprecedented challenges for our community, our nation and the world. We are proud and honored to have partnered with so many leading organizations to best serve our community during this time. Throughout the report, you will find many inspiring stories of Foundation grantees demonstrating resilience to provide much-needed services in innovative ways.

It is said that during times of crisis, you learn a great deal about people. And during the COVID-19 pandemic, we quickly learned we have the most generous and loyal donors. Thank you for your continued support and faith in Pebble Beach Company Foundation.

A central tenet of our work is that children need a strong foundation — and that starts with mental health and wellness. We recognize the importance of this foundation in helping to ensure that youth have the capacity to be successful in school and life. As you will read, supporting this fundamental issue of mental health and wellness, in addition to education, is a main focus of our grantmaking.

The COVID-19 crisis reinforced the importance of mental health on a child’s education. Our youth have demonstrated tremendous resilience during the last 18 months, but it is clear that these historic adversities, along with the increased educational inequities, will have an impact for years to come.

We continue to partner with Monterey County’s best youth-focused nonprofits working to address the significant needs of our community, and share the core belief that every child in Monterey County deserves the chance to achieve their full potential. In 2020, we awarded grants to more than 100 local nonprofits and were able to make a meaningful difference in the lives of more than 10,000 Monterey County youth from pre-kindergarten to post-graduate.

All of this work would not be possible without your generous support. Thank you again for believing in our vision. We are working to ensure that all Monterey County youth, especially those with the fewest resources, have caring connections and exceptional educational opportunities.

As we look ahead, we believe the needs in our community will continue to grow as we navigate the aftermath of the past year. We are committed to working together to provide a brighter future for all Monterey County youth.

Susan Merfeld

Our Purpose

Community Partnership for Youth

Our Mission

To provide quality educational opportunities for Monterey County youth.

Our Vision

Education changes lives. We are committed to funding quality educational programs and awarding scholarships and financial aid to benefit Monterey County students, from pre-kindergarten to post-graduate levels. These funds provide access to opportunities and experiences that deepen, broaden, and expand their world.

In recent months, the Pebble Beach Company Foundation Board of Directors has performed a self-evaluation of its current grantmaking model. We have concluded that, in order to make a greater impact on issues facing Monterey County youth, a more proactive role could lead to even greater impact.

The Foundation is dedicated to addressing the most pressing needs of the community through a newly developed framework of awareness, advocacy and action.

Currently, we are addressing the first step, awareness, which has prompted discussions with key educators, teachers, youth leaders and local nonprofits to identify the most critical issues impacting youth education in Monterey County.

We believe this framework will provide a caring and connected community where every child has an opportunity to succeed.

A caring and connected community where every child has an opportunity to succeed

Caring Connections

Pebble Beach Company Foundation is dedicated to providing access to superior educational opportunities for every youth in Monterey County. That includes working to provide them with a strong foundation in order to be successful during that education.

Toxic stress experienced during childhood has been linked to several relational, educational and learning difficulties. In school, effects include trouble concentrating and engaging during class, incomplete homework assignments, dropping out of school and learning disabilities.

Extensive research has demonstrated that adequate doses of safe, supportive and nurturing relationships and environments can help mitigate the development of toxic stress, as well as its physical and behavioral manifestations.

Beyond providing critical services and programs to the youth of Monterey County, the Foundation's grantees provide youth with a team of caring and stable adults, helping to ensure programs are successful.

For the Foundation, creating caring connections also includes working with community leaders, organizations and donors to build awareness on key issues and advocate effective solutions.

Throughout the report, you will find stories of caring connections and the commitment to ensuring the best possible future for Monterey County youth.

“The greatness of a community is most accurately measured by the compassionate actions of its members.”

— CORETTA SCOTT KING

Monterey County Free Libraries

A Unique Year of Giving

2020 was a difficult year that brought many new challenges to Monterey County. Pebble Beach Company Foundation found meaningful ways to engage and support the community throughout the year. Below are some of the unique ways that the Foundation was able to give back to the community beyond our usual grantmaking.

- Donated to United Way for COVID-19 relief
- Donated to Monterey County Fire Relief Fund
- Donated to local food banks
- Expanded Little Free Libraries program
- Delivered fresh veggie boxes to local families
- Provided culinary treats to frontline workers
- Hosted Healthcare Heroes Golf Tournament

Resilience

re·sil·ience /rəˈzilyəns/

the capacity to recover quickly from difficulties; toughness

“Remember to appreciate your resilience, make good use of your nourishing connections and don’t ever be afraid to seek additional support. Knowledge really is power.”

— DR. SUSAN SWICK, PHYSICIAN IN CHIEF, OHANA, MONTAGE HEALTH FOUNDATION

MEarth — Sowing seeds for a better tomorrow

Before the pandemic, MEarth provided a unique outdoor and culinary classroom for neighboring Carmel Middle School students with its 10 acres of grasslands, ponds, bee gardens, monarch butterfly habitats, edible organic gardens and much more. But when in-person classes shut down, MEarth decided to ramp up, turning 100 percent of its focus toward growing food, becoming a full-fledged farm dedicated to providing food for those in our community who need it the most.

MEarth teamed up with the student-led Carmel High School volunteer organization called “This Club Saves Lives” to assemble 150 mixed bags of groceries and home goods each week and distribute them through The Food Bank for Monterey County to local families and seniors. Many more helping hands donated seed, soil, wood chips, tools and garden boxes.

Even when MEarth wasn’t able to directly impact the youth it loves to teach, it found an inventive way to plant the seed for a better tomorrow.

Carmel Youth Center — Future leaders in training

When Bing Crosby founded the Carmel Youth Center in 1949, it was run by a teen-aged Board of Directors. Just two years ago, when the Carmel Youth Center needed an Administrative Director, a group of elementary and middle schoolers interviewed candidates and picked the two finalists for the role.

The Carmel Youth Center has always found unique ways to develop leadership skills with its kids, and this pandemic was no different. This caring group of kids tapped into their ethics, empathy and compassion by pledging to perform acts of service every month of 2020, ranging from creating care and hygiene kits for the homeless and veterans, writing and delivering valentines for seniors and hosting free virtual mental health events. This summer, the Carmel Youth Center will host its first #LEAD Summer Camp, where youth can grow their confidence and leadership skills.

MY Museum — Thinking outside of the box

What do you do when you are a children’s museum, but children can no longer visit? You bring the museum to them! It took some outside-the-box thinking, but ultimately MY Museum fit some important lessons inside a box it could deliver to children in need.

MY Museum recognized the need for children to continue to safely play and learn while cooped up at home during this pandemic, so they creatively did their part to find a solution — turning their closed museum into what looked like a distribution center and delivering more than 5,000 Play Kits and Play Boxes to families in need.

They partnered with First 5 Monterey County to deliver 2,500 Shelter and PLAY Family Fun Boxes that included everything from recipe ideas and sidewalk chalk to mask-making activities and other crafts ideas. They also partnered with The Transportation Agency of Monterey County to deliver 2,500 “Play to Learn” kits, which found fun ways to teach road safety, helped kids decorate their bikes, and even included a wooden car craft kit.

Monterey County Free Libraries — The heart of a community

What can a library do during a pandemic? During the COVID-19 crisis, Monterey County Free Libraries found a number of unique ways to support the community.

The libraries served as cafeterias, giving out meals and activity bags to those hurting in the community. Librarians used the 3D printers to make PPE for our healthcare workers; two branches became permanent COVID-19 testing sites. During the Dolan and Carmel wildfires, many of the branches transformed into evacuation shelters.

In addition to all these opportunities to support our community, Monterey County Free Libraries set up charging stations for the homeless, boosted the available hours for students needing online tutoring and provided internet hotspots and Chromebooks for families in need.

It was a year unlike any other, but they were honored to find new ways to support their communities.

Youth Arts Collective (YAC) — Mentoring through art

How important are the arts for high schoolers? Former Congressman Sam Farr says, “I think there should be a YAC in every city in America.” The stats back Farr up. Every Youth Arts Collective member has gone on to graduate high school, and a staggering 95% go on to university, college or art school — many on scholarship.

How does an after-school art studio survive during a pandemic? Just one day after Monterey County was issued Shelter-in-Place orders, the Youth Arts Collective was back up and running online. YAC mentors immediately reached out to their high school and college artists, delivered art supplies and quickly developed a Zoom call schedule multiple times a week.

The mentorship program creates an environment — both physically and virtually — where students believe in themselves, reap the rewards of creative risk and belong to a community that supports them, no matter how challenging the circumstances might be for an aspiring artist.

It’s hard to argue with Congressman Farr.

2020 Grant Programs

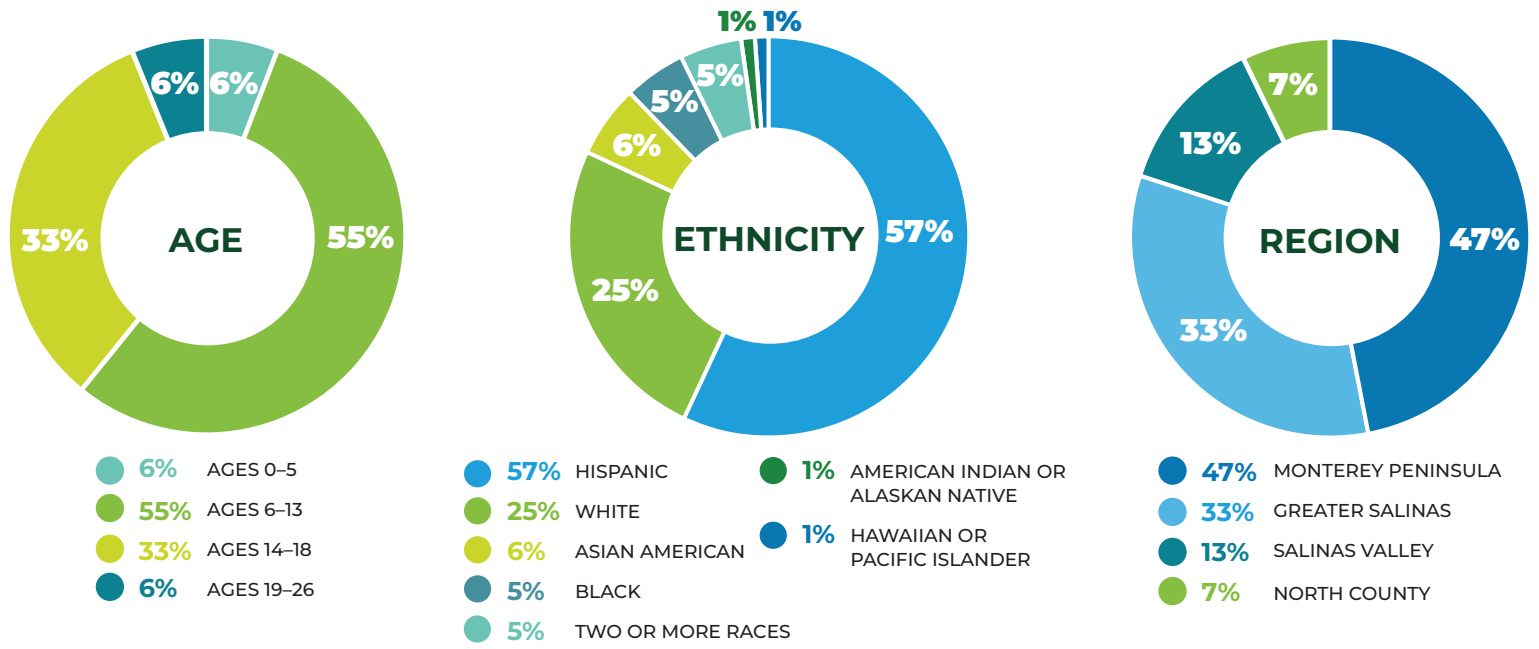

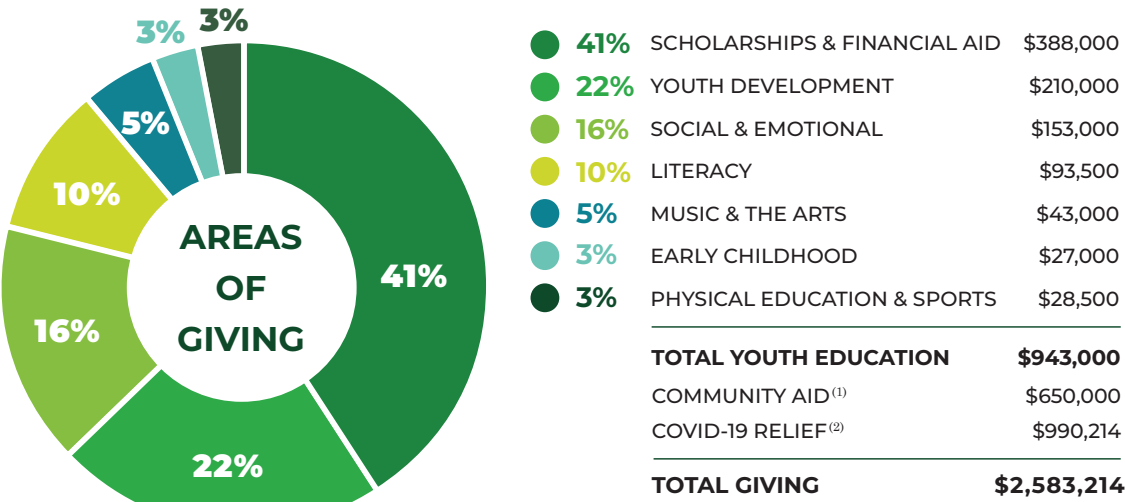

For nearly 45 years, Pebble Beach Company Foundation has been committed to improving our community by aligning our grant awards with the region’s best and most innovative youth-focused nonprofits.

Our Impact

In 2020, Pebble Beach Company Foundation made grants to more than 100 organizations reaching more than 10,000 Monterey County youth and families. We support meaningful change where it does the most good: In the heart of the community.

(1) In 2020, the Foundation made grants to a group of nonprofits committed to addressing immediate critical needs where funding sources were limited. This was made possible by Pebble Beach Concours d'Elegance and its generous donors, despite the cancellation of the event.

(2) Due to the unprecedented challenges brought on by the pandemic, the Foundation and its donors provided direct COVID-19 relief to those in need.

Scholarship Academy

The Scholarship Academy is the signature program of Pebble Beach Company Foundation. It provides broad-based educational assistance through scholarships and financial aid. The Academy focuses on two areas: Community Scholarships and Company Scholarships for the children of Pebble Beach Company employees. Through our decades of experience, we have seen the immense impact that scholarships have on students from pre-kindergarten to post-graduate. Meet a few of our Community and Company Scholars...

2020 Community Scholarships

Pre-K to University
24 Grants
\$250,000 Total

We fund scholarships and financial aid from pre-kindergarten to post-graduate levels. We accept applications from public and private Monterey County schools and youth-focused nonprofits, which provide program-related monetary support to those who would not otherwise have access to these programs.

Annie
Organization: York School
Grade: High School Junior
From Annie: “I cannot thank you enough for enabling me to go to a school that provides endless opportunities and guidance to ensure that everyone thrives and becomes the person they are meant to be.”

Chanha
Organization: Youth on Course
College: Pomona College
Major: Computer Science
From Chanha: “This scholarship has helped me realize the value of giving back. During my first year, I volunteered at the local homeless shelter. I was able to connect with my co-volunteers, the people who worked at the shelter and those we served.”

Gabby
Organization: Pebble Beach Junior Golf
College: San Francisco State University
Major: Marketing
Career Goal: Retail Merchandising
From Gabby: “Since I was a little girl, I knew I wanted to do something art-related. During a summer class in San Francisco I learned more about the merchandising side of retail and fell in love with it.”

Ahmed
Organization: Monterey Peninsula College Foundation
College: Cal Poly San Luis Obispo
Major: Business Administration
From Ahmed: “In the future, when you see me changing the world into a better place, I hope you know that your blessing of a scholarship and a program is what got me here. The Evans Program is something out of this world; a true blessing like no other.”

2020 Company Scholarships

28 Awards
\$140,000 Awarded
65% First Generation

Pebble Beach Company Foundation’s Company Scholars program began in 1995, and today it is one of the most valuable benefits for employees whose children are attending college or graduate school.

Lorenzo
Parent: Lorenzo – Spanish Bay Engineering – 22 years
College: UCLA
Major: Mechanical Engineering
Career Aspirations: Mechanical Engineer

Evelyn
Parent: Verence – Spa at Pebble Beach – 20 years
College: UC Davis
Major: Genetics & Genomics
Career Aspirations: Dentist

Alia
Parent: Callie – Human Resources – 18 years
College: University of Oregon
Major: Business Administration
Career Aspirations: Television or Music industry management

Andrew
Parent: Anastasia – Spanish Bay Culinary – 20 years
College: Loyola Marymount University
Major: Psychology
Career Aspirations: Start a music & theatre center for children with special needs

Timothy
Parent: Clifford – Resort Security – 8 years
College: Azusa Pacific University
Major: Cinematic Arts
Career Aspirations: Writer/Producer for film or television

The gift of G.O.L.F.

Anyone tuning in to catch the week’s biggest sporting events — whether it’s football, basketball or golf — has grown accustomed to CBS’ Jim Nantz warmly welcoming the audience with his familiar “Hello, Friends.”

Far away from the cameras, Nantz, a Pebble Beach resident and proud philanthropist, turned to another group of friends in the middle of the pandemic to generously raise nearly \$550,000 for Pebble Beach Company Foundation.

Nantz created an event called G.O.L.F. (Gathering of Lifelong Friends) to raise money for charity and to honor an iconic member of the golf community. In 2020, Nantz chose Sam Reeves as the honoree and Pebble Beach Company Foundation as the event beneficiary. Unfortunately, the gathering was canceled due to the pandemic. Though there was no event, Nantz and his generous friends lived up to their commitment and donated their funds to the Foundation.

It truly is the gift that will keep on giving. This extraordinary gesture will fund five additional college scholarships (\$5,000 per school year) in perpetuity, raising the total the Foundation can now award from 23 to 28.

The donation is already making a difference.

One recipient, Rodrigo, wasn’t sure whether he should accept his admission to UC Santa Cruz, due to the financial stresses of tuition. “I am now proud to say that thanks to your Foundation, I am officially underway to becoming a UC Santa Cruz freshman,” Rodrigo wrote.

The news was also celebrated in the Nantz household.

“My wife Courtney and I cherish our community and Pebble Beach Company Foundation’s commitment to giving educational opportunities to the children of Pebble Beach Company employees,” Nantz says.

Scholarship Highlight

In 2009, the Foundation established The Phil Hill Scholarships to honor the memory of Phil Hill, America's first Formula One driving champion and a longtime participant and friend of the Pebble Beach Concours d'Elegance. We partnered with McPherson College, the only four-year liberal arts college to offer an automotive restoration program, to administer the scholarship program.

“Phil Hill was a friend of the Pebble Beach Concours from the very beginning, and he loved cars of every kind. We're pleased to honor his memory by recognizing some rising stars dedicated to preserving and restoring the cars Phil treasured.”

— SANDRA BUTTON, CHAIRMAN, PEBBLE BEACH CONCOURS D'ELEGANCE

Meet Kalila
McPherson College — Phil Hill Scholar Alumna

Career Dream:
My goal is to get into vintage racing. I would also love to assist collectors with their archives. I enjoy research, writing and piecing things together to tell a story. It's a window to peer into another era and I find it fascinating.

Why restorative automotive?
I got into the automotive field as a young adult — first with pin-striping and then working in repair shops. I was taking classes at community college and a teacher told me about the McPherson program. I ended up really enjoying the hands-on aspect and learning more about all kinds of cars.

What has this scholarship meant to you?
This scholarship has opened so many opportunities for me and things have progressed in a linear and organic fashion. I would not have ever imagined I would be in this part of the automotive world.

Profession:
Archivist & Historian at a private collection in Bedford Hill, NY – D.A.D. Garage, a museum for the automobiles acquired by Ralph Lauren during his lifetime. Unsure what to name the museum, he decided on using the names of his three children: David, Andrew and Dylan.

“By investing in organizations focused on providing caring connections and a strong educational foundation, we are helping to ensure that every child in Monterey County has the opportunity to receive a great education and the benefits that come with it.”

—BILL PEROCCHI, CO-CHAIRMAN, PEBBLE BEACH COMPANY

Total expenses		2,679	1,325
INCREASE IN NET ASSETS	\$	2,778	\$ 3,611

Note: Totals may not add due to rounding.

Wow, what a year. The pandemic caused a tremendous amount of stress, uncertainty and challenges across the globe and locally in our community. However, thanks to our generous donors, the Foundation was able to grow its giving to a record amount in order to meet the unprecedented demand for assistance. Whether it was direct COVID-19 Relief, Community Aid or Youth Education, the Foundation made total grants of \$2.6 million to organizations and individuals throughout Monterey County. In addition to the record giving amount, the Foundation also ended the year with \$20.2 million in net assets. The unwavering commitment and generosity of our donors assures the Foundation will play a significant role to further Youth Education for years to come, pandemic or not!

BECOME A COMMUNITY PARTNER

We invite you or your business to join our Community Partner Program. For an annual sponsorship of \$10,000, Pebble Beach Company Foundation will provide exceptional sponsor benefits.

MAKE A GIFT

If you would like to make a difference by supporting the work of our Foundation, please contact us to learn more about our endowments, bequests, named scholarships, and honorary or memorial gift opportunities.

Signature Events

Supporting Pebble Beach Company Foundation

PEBBLE BEACH CONCOURS D'ELEGANCE

Since 1950, the Pebble Beach Concours d'Elegance has gathered rare and antique automobiles and motorcar enthusiasts from around the globe. The Concours was founded to celebrate the greatest cars in the world, but from the start, it sought to raise money to help others. To date, over \$30 million has been raised for charity — all of which stays in Monterey County.

The 2020 Pebble Beach Concours d'Elegance was officially canceled, but that did not stop efforts to raise funds. Despite the cancellation, more than \$1 million was distributed to local charities.

"We are so grateful to Pebble Beach Concours Chairman Sandra Button, who stepped up under such difficult circumstances to ensure that our local charities would continue to receive funding during this time."

– Bill Perocchi, Co-Chairman, Pebble Beach Company

HICKORY STICKS GOLF INVITATIONAL

Play a classic round of golf with vintage hickory clubs and dress in attire of days gone by. Hickory Sticks raises funds to support the Foundation's programs and scholarships benefiting Monterey County youth. The event is held at The Hay, the new short course designed by Tiger Woods and TGR Design.

"Hickory Sticks is one of the most festive, fun-filled days of the year at Pebble Beach. It pays homage to the heritage of the game with the old-fashioned equipment and period attire, but it also brings a light competition with plenty of laughter that is open to anyone who wants to play golf and have a good time. And it's all for a great cause!"

– Jim Nantz, CBS Sports Commentator and Pebble Beach resident
